

METADATA SUMMARY

Scan Type:	Static File Malware Analysis
Filename:	eicar.com
File Size:	77 bytes
MD5 Hash:	d3bd4ae8b08b99ef1b28c3d975670a43
SHA-256 Hash:	4b5bb2298dde06ac227c070592fb6c861f29856688e9e ed32ecf

EXPLAINABLE AI (XAI) THREAT INDICATORS

No suspicious features or malware signature indicators were extracted. The content matches standard safety parameters.

RECOMMENDED MITIGATION PROCEDURES

- **Exercise caution.** Treat URLs and attachments in this transaction with standard cybersecurity scrutiny.
- Verify the identity of the sender via out-of-band communication (phone call, face-to-face confirmation) before replying.
- Configure email SPF/DKIM verification profiles to reduce spoofing attempts from similar domains.

Notice: Antigravity Static Scanner uses automated rules and machine learning. No guarantee of absolute security accuracy is implied. Handled under SOC internal standards.
